

SCLOGISTICS

EDUCATION PROGRAMS & INITIATIVES

SC Logistics is a collaborative effort to strengthen South Carolina's economy, create jobs, attract investment, and become a global leader in transportation, distribution, and logistics.

The ability to meet industries' education and workforce development needs is an evergreen issue for the long-term economic health of our state.

Our collaborative approach to talent development optimizes existing resources, expertise, and ideas to develop world-class talent in South Carolina. SC Logistics manages several programs to help advance South Carolina's students' knowledge of and exposure to the state's logistics industry.

Lemonade

Supply Chain Game

Targeted grade levels: **4th - 5th**
 Approximate total time: **1.5 hours**
 Ideal number of students: **20 - 45**
 Ideal number of volunteers: **10 - 12**

Cell Phone

Supply Chain Game

Targeted grade levels: **9th - 12th**
 Approximate total time: **2 hours**
 Ideal number of students: **20 - 45**
 Ideal number of volunteers: **8- 10**

PROGRAM SUMMARY

Developed by APICS as part of its Supply Chain STEM Program, the [Cell Phone Supply Chain Game](#) is an educational tool used by the SC Council on Competitiveness' SC Logistics initiative to teach high school grade-level students deeper principles behind logistics and supply chains by using every day common themes and incorporates key STEM and supply chain concepts.

SREB

PROGRAM SUMMARY

The Southern Regional Education Board works with states to improve public education at every level. The SREB offers certified global logistics and supply chain management curriculum available for high schools across the region. SC logistics is working with the SREB to implement that curriculum in high schools across South Carolina.
